

CHILD CARE FACILITY STANDARDS CLASSIFICATION SUMMARY

Florida Statute and Administrative Code Section

Specific Child Care Licensing Standard	
Class Violation Level	Description of the Licensing Standard Violation

General Requirements ss. 402.3125, 402.318, F.S.

1. License Displayed/Citation Posted/Advertising	
3	The facility's license was not posted in a conspicuous place within the facility.
3	Citation(s) for a licensing standard violation was not posted with the license.
3	The citation did not remain posted for the full year after its effective date.
3	The facility failed to include their license number when advertising.

2. Licensed Capacity ss. 402.305(6), rule 65C-22.001(2) & 65C-22.002(3)(f) & (g), F.A.C.	
2	The facility is licensed to serve [] children. A total of [] children were counted at the center and/or were on a field trip.
2	The facility failed to maintain the required 20 or 35 sq ft. per child in areas occupied by children.
3	The facility failed to post the room capacity in each room of the facility.

3. Minimum Age Requirements ss. 402.305(2)(c), F.S. & rule 65C-22.001(3), F.A.C.	
3	The staff person in charge in the operator's absence did not meet the minimum age requirement.
3	In the operator's absence, no one was designated to be in charge.
2	A person under the age of 16 years was employed at the facility and not directly supervised.
3	A person under the age of 16 years was included in the calculation of the personnel-to-child ratio.

4. Ratio Sufficient rule 65C-22.001(4)(a)(b) & 402.305(4), F.A.C.	
2	A ratio of [] staff for [] children is required. There were [] staff for [] children observed.

5. Supervision rule 65C-22.001(5)(a)-(d), 65C-22.001(6)(f), 65C-22.002(4)(c)2. & 65C-22.007 (2), F.A.C.	
2	Direct supervision of children in the [] group was inadequate in that [].
2	Staff were not within sight and hearing of all the children during nap time.
2	There were insufficient personnel readily accessible to meet ratio requirements during nap time.

Child Care Facility Standards Classification Summary

2	Children in the outdoor play area were not adequately supervised in that [].
1	A child was unknowingly left behind in a vehicle, at the facility or on a field trip.
1	A child was not adequately supervised and left the facility premises without the knowledge or awareness of staff.
2	In addition to the staff required to meet staff-to-child ratios, an additional adult was not present during a field trip.
1	The operator, employee or substitute was observed supervising children while under the influence of narcotics, alcohol or other drugs that impair the individual's ability to provide safe child care.
1	The facility provided a water activity using a swimming pool that exceeds three feet in depth or a beach or lake area and did not have a person with a certified lifeguard certification or equivalent present.
2	The individual(s) responsible for children on a field trip did not have a telephone or other means of instant communication available.
2	During evening child care hours, staff did not stay awake at all times.
1	An unscreened individual was left alone to supervise children in care.
1	One or more children were not adequately supervised in that [], which posed an imminent threat to a child, or could or did result in death or serious harm to the health, safety or well-being of a child.
2	One or more children were not adequately supervised in that [], which was anticipated as posing a threat to the health, safety or well-being of a child, but the threat was not imminent.

6. Driver's License, Physician Certification & First Aid/CPR Training rule 65C-22.001(6)(a), 65C-22.002(6)(a)1., 65C-22.006(4)(g), F.A.C.

3	The facility's driver did not have documentation of a valid Florida driver's license.
2	The facility's driver did not have a valid Florida driver's license.
3	The personnel record did not include a copy of the driver's physician certification which grants medical approval to operate a vehicle.
3	The facility's driver did not have documentation of course completion for first aid and/or infant and child CPR.
2	The facility's driver did not have a certificate of course completion for first aid and/or infant and child CPR.
2	The facility's driver did not have the appropriate driver's license endorsement.
2	The facility failed to obtain the proper documentation for driver's endorsement.

7. Vehicle Insurance and Inspection rule 65C-22.001(6)(b)(c) & 402.305(10), F.A.C.

3	The operator did not have documentation of current insurance coverage for the vehicle used to transport children in care.
2	The operator did not have the required insurance coverage on all vehicles used to transport children in care.
3	The facility did not have documentation of an annual vehicle inspection for a vehicle used to transport children in care.

8. Seat Belts/Child Restraints rule 65C-22.001(6)(d)(e), F.A.C.

Child Care Facility Standards Classification Summary

1	The vehicle had seat belts and/or safety restraints for [] children and [] children were transported at one time.
1	The facility's use of seat belts was not age appropriate for children being transported who required safety restraints.
1	The number of children transported exceeded the manufacturer's designated seating capacity.

9. Transportation rule 65C-22.001(6)(f),(g), F.A.C.

2	The facility did not have evidence that a log was maintained for all children transported.
3	The facility's transportation log was not retained for a minimum of four months.
3	The facility's log for children transported did not include the following required elements: [].
2	Upon arrival at the destination, it was determined that the driver of the vehicle failed to mark each child off the log as children departed the vehicle.
2	The driver of the vehicle failed to drop the child off at the appropriate location.
1	The driver of the vehicle failed to drop the child off at the appropriate location resulting in serious harm to the health, safety or well-being of a child.
2	Upon arrival at the destination, the driver of the vehicle and second adult failed to conduct a physical inspection and visual sweep of the vehicle to ensure that no child was left in the vehicle.
1	A child was left unattended in the vehicle without staff awareness when returning from a field trip.
2	The required staff-to-child ratios were not maintained when transporting children.
3	Contact information for children being transported was not maintained in vehicles.
2	Emergency care plans, supplies, and/or medication was not available for children being transported with chronic medical conditions.

10. Planned Activities rule 65C-22.001(7)(a), F.A.C.

3	The facility's written plan of scheduled activities was not written.
3	The facility's written plan of scheduled activities was not followed.
3	The facility's plan of scheduled activities was not posted in a place accessible to the custodial parents or legal guardians.
3	The written plan of activities did not promote the emotional, social, intellectual and physical growth of the children in care.
3	The facility's plan of activities did not include outdoor play.
3	The written plan of activities did not include meals, snacks, or nap times, appropriate for the ages and the times the children are in care.
3	The written plan of activities did not include quiet and active play, both indoors and outdoors.

Child Care Facility Standards Classification Summary

11. Field Trip Permission rule 65C-22.001(7)(b), & 65C-22.001(6), F.A.C.	
3	The facility failed to post, in a conspicuous location, the date, time and location of a planned field trip at least two working days prior to the trip.
3	The custodial parents or legal guardian were not provided advanced notice of a planned field trip.
3	The facility did not secure written permission either in the form of a general permission or an individual permission slip prior to each field trip activity from the custodial parent or legal guardian.
3	Documentation of custodial parent or legal guardian's permission for field trips was not on file for the child(ren).
3	The facility failed to retain documentation of parental field trip permission for a minimum of four months from the date of each field trip.
3	The facility operator/staff did not have emergency contact information for the children on the field trip.
3	The facility operator/staff failed to have emergency medical consent forms for the children on the field trip.

12. Child Discipline rule 65C-22.001(8)(a)(b), F.A.C. & 402.305(12), F.S.	
3	The custodial parents or legal guardian were not provided written notification of the facility's disciplinary policy.
2	A staff member did not comply with the facility's written discipline policy.
1	A method of discipline was used at the facility that was severe, humiliating or frightening to children in that [].
2	The facility's discipline practices included the use of spanking or other form of physical punishment.
3	Not all methods of discipline included in the facility's written policy are permitted because they are neither age appropriate nor constructive.
1	A form of discipline used by staff was associated with food, rest and/or toileting.

13. Discipline Policy rule 65C-22.001(8)(c), F.A.C.	
3	A copy of the discipline policy was not available for review by the licensing authority.

Physical Environment 65C-22.002, F.A.C.

14. Facility Environment rule 65C-22.002(1)(a)(b) & (7)(e)(f), F.A.C.	
3	Areas of the facility were found to be in need of cleaning.
3	There was evidence of rodent or vermin infestation observed.
3	An area(s) of the facility was observed to not be in good repair.
2	An area of the facility was observed to be a serious health hazard to children in care.
2	An area of the facility was observed to be a serious safety hazard to children in care.
3	A safety deficiency having a low potential for harm to the children in care was observed.

Child Care Facility Standards Classification Summary

3	A health deficiency having a low potential for harm to the children in care was observed.
2	During the facility's operating hours, an activity occurred which endangered the health and/or safety of children in care.
3	The facility operator did not have current immunization records for the pet observed. Immunizations are available for this type of animal.
3	The facility operator did not have documentation that custodial parents or guardian are given written notification of animals on the premises.
2	Furnishings, equipment or plumbing were not clean and maintained in good repair, which pose a threat to the health, safety or well-being of the children in care.
2	Fire hazard, such as, [], was observed in the facility.

15. Toxic Substances and Hazardous Materials rule 65C-22.002(1)(d)(f)(g) and (i), F.A.C.

2	A toxic substance was accessible to children.
2	A hazardous material was accessible to children.
2	A flammable product was accessible to children.
2	A cleaning supply was accessible to children.
2	Smoking was observed in the facility, outdoor area, during a field trip or in a vehicle used to transport children, while children were in care.
3	There was evidence that smoking occurred while children were in care in the facility, outdoor area, during a field trip or in a vehicle used to transport children, while children were in care..
1	A firearm or weapon was observed on the premises.
3	The facility operator failed to provide notification to custodial parents and/or legal guardians that smoking is prohibited on the premises of the child care facility.

16. Supplies Labeled/Stored rule 65C-22.002(1)(f), F.A.C.

2	A potentially harmful item, [], was not labeled as required.
3	The facility's storage of harmful items including cleaning supplies, flammable products, poisonous, toxic and hazardous materials allowed access by children in care.
2	Harmful items including cleaning supplies, flammable products, poisonous, toxic, and hazardous materials were accessible to children in care.
2	The storage of potentially harmful items such as knives and/or sharp tools allowed access by children in care.
2	Knives and/or sharp tools were accessible to children in care.

17. Lighting rule 65C-22.002(2)(a)(b) and (c), F.A.C.

3	All rooms did not have sufficient lighting equivalent to 20 foot candles at three feet from the floor.
3	Lighting was insufficient to visually observe and supervise children, including during nap time.

Child Care Facility Standards Classification Summary

3	All reading, painting and other close work areas did not have lighting equivalent to 50 foot candles.
---	---

18. Temperature and Ventilation rule 65C-22.002(2)(d) and (e), F.A.C.

3	The facility failed to maintain a temperature between 65 degrees and 82 degrees Fahrenheit at all times.
3	All rooms in the facility were not adequately ventilated.
3	Cleaning (other than general clean-up activities) of a room took place while children were present in the room.

19. Indoor Floor Space ss. 402.305(6)F.S., rule 65C-22.002(3)(a)-(e) and (g), & rule 65C-22.007(3)(a), F.A.C

2	The facility that held a valid license on October 1, 1992, did not have 20 square feet of usable floor space per child for the number of children observed in care. The facility had a capacity of [] based on 20 square feet per child, and [] children were observed in care.
2	The facility did not have 35 square feet of usable floor space per child for the number of children observed in care. The facility had a capacity of [] based on 35 square feet and [] children were observed in care.
3	The facility did not provide open indoor play space for infants outside of cribs and playpens.
3	For centers that only provide evening child care, outdoor play space is not a requirement; however, the facility had no designated indoor space that promotes the development of gross motor skills.
3	The facility failed to maintain square foot per child during a non-routine special event in a common or multi-purpose area in accordance with the local fire authority.
2	The facility did not have the required usable floor space available per child in the [] room/area.

20. Outdoor Area/Square Footage ss. 402.305(6), F.S. & rule 65C-22.002(4)(a)(b), F.A.C,

2	The facility's outdoor space calculated at 45 square feet per child allows [] children to use the space at one time and [] children were observed using the space.
---	--

21. Outdoor Play Area rule 65C-22.002(4)(c) and (h), F.A.C,

3	The facility's outdoor play area contained debris.
3	The outdoor play area was not clean, free from litter, nails, glass or other hazards.
2	The facility's outdoor play area was observed to pose a threat to the health, safety or well-being of the children due to the presence of hazardous items.
3	The facility did not provide shade on the playground.
3	The facility did not provide opportunities for outdoor time each day (weather permitting) for infants in care.

Child Care Facility Standards Classification Summary

22. Fencing rule 65C-22.002(4)(d)(e), F.A.C.,	
2	The facility's outdoor play area was not fenced to prevent children's access to a water hazard.
1	The facility's outdoor play area was not fenced to prevent children's access to a water hazard.
2	The facility's outdoor play space was not enclosed with fencing or walls a minimum of 4 feet in height.
2	The facility's fencing walls or gate area had gaps that could allow children to exit the outdoor play area.
3	The base of the fence in the outdoor play area was not at ground level and could allow access by children or animals or allow children to exit the play area.
3	The fence in the outdoor play area had a dirt buildup at the base, causing the fence to be less than the minimum 4 feet in height and could allow children to exit the play area.

23. Individual Bedding rule 65C-22.002(5)(a)(c), 65C-22.002(8)(c) & rule 65C-22.008(3)(g), F.A.C.,	
3	The bedding available for children in care was inadequate in that [].
2	The bedding available was not safe and poses a threat to the health, safety or well-being of a child in care.
3	The bedding available for children in care was not cleaned and/or sanitized or disinfected.
2	The bedding available was not sanitary and poses a threat to the health, safety or well-being of a child in care.
3	A cot, bed, crib, mattress, playpen or floor mat was not available for all children who napped or slept
3	The facility made use of double or multi-deck cribs, cots or beds for children younger than one year old.
3	The floor mats available for children were not at least one inch thick.
3	The facility had no designated area for school-age children choosing to rest.
3	The facility had no designated area where or each child can sit quietly or lie down to rest or nap.
3	The floor mats available for children in care were not covered with an impermeable surface.

24. Bedding and Linens rule 65C-22.002(8)(c), F.A.C.	
3	The facility had no system in place for laundering linens weekly or more often as needed.
3	Linens, if used by more than one child, were not laundered between usage.
3	The facility's storage of linens was not sanitary.
3	Linens were not provided for sleeping children.
3	Pillows and blankets were not available for sleeping children.

Child Care Facility Standards Classification Summary

25. Nap/Sleep Space Requirements rule 65C-22.002(5)(b), F.A.C.	
3	A minimum distance of 18" was not maintained between each napping/sleeping space.
2	The nap/sleep space was under furniture or against furniture that created a hazard.
26. Exit Area Clear rule 65C-22.002(5)(b)2., F.A.C.	
3	Exit areas were not clear in accordance with fire safety regulations.
2	Exit areas were blocked off and inaccessible in an emergency.
27. Crib Requirements rule 65C-22.002(5)(c)(d), F.A.C.	
3	The facility did not have an adequate number of cribs, portacribs or playpens with sides for the number of children up to one year old in care.
2	The facility used cribs that did not meet federal guidelines as the bar spacings exceeded the maximum two and three-eighths inches.
2	An infant was observed in a crib with the crib sides down.
2	A napping or sleeping infant that is not capable of rolling over on their own was observed not positioned on their back and on a firm surface.
3	The custodial parent or guardian had not provided available documentation that an alternative position is authorized by the physician and a napping or sleeping infant that is not capable of rolling over on their own was observed not positioned on their back.
28. Toilets and Basins rule 65C-22.002(6)(a)(b)1(c) & (g), F.A.C.	
3	A basin used by children was not easily accessible and/or a safely constructed platform was not in place.
3	A toilet used by children was not easily accessible, safely constructed and/or an impervious platform was not in place.
3	The facility did not have the number of toilets and/or wash basins required for the licensed capacity.
3	The facility did not adequately maintain the toilet and bath facilities used by the children as evidenced by [].
3	The facility did not adequately keep the toilet and bath facilities used by the children clean and/or sanitized or disinfected.
2	The facility did not adequately keep the toilet and bath facilities used by the children clean and sanitized or disinfected posing a threat to the health, safety or well-being of the children.
3	The facility provided care for diapered infants only and did not have two wash basins for every thirty infants.
3	A toilet facility opened directly into an area where food was prepared.
29. Potty Chairs rule 65C-22.002(6)(b)2, F.A.C.	
3	The cleaning and sanitizing of potty chairs did not take place between use by different children.

Child Care Facility Standards Classification Summary

2	The cleaning and sanitizing of potty chairs did not take place between use by different children posing a threat to the health, safety or well-being of the children.
---	---

30. Bath Facilities and Supervision rule 65C-22.002(6)(d)(e), F.A.C.	
3	The facility serving children other than school age, had neither a portable nor a permanent bath facility available for bathing children.
2	Children did not receive adequate supervision while toileting or bathing.
3	Children did not receive adequate assistance with toileting or bathing as required by their age or need.

31. Bathroom Supplies and Equipment rule 65C-22.002(6)(f), F.A.C.	
3	Paper towels or hand drying machines were not available and within reach of children.
3	Soap was not available to children using the toileting facility.
3	A toileting area did not provide a trash receptacle.
3	Toilet paper was not available to children using the toileting facility.

32. Operable Phone rule 65C-22.002(7)(b), F.A.C.	
3	The facility staff did not have a working corded telephone available within the building in the event of a power outage.
2	The facility staff did not have a working corded telephone within the building in the event of a power outage.

33. Fire Drills & Emergency Preparedness rule 65C-22.002(7) & rule 65C-22.006(5)(e), F.A.C.	
2	Fire drills were not conducted and/or did not include one drill during napping/sleeping times, one drill using alternate evacuation routes, or one in the presence of the licensing authority.
3	A written record of fire drills was not completed and/or did not include one drill during napping/sleeping times, one drill using alternate evacuation routes, or one in the presence of the licensing authority.
3	The written record of the fire drills was incomplete and did not include the following:[].
3	The facility operator did not maintain documentation of fire drills for a minimum of one year from the date of the fire drill.
2	The facility operator did not have a current fire safety inspection by the local fire authority.
3	The facility operator did not have documented proof of an annual fire inspection by the local fire authority.
2	All adults and children failed to evacuate the facility when the fire alarm was activated.
2	The facility operator/staff failed to possess a current attendance record during a fire drill, emergency preparedness drill or an actual emergency.

Child Care Facility Standards Classification Summary

3	The facility operator did not have a written emergency preparedness plan or the emergency preparedness plan was incomplete. .
2	The operator failed to conduct emergency preparedness drills.
3	The facility operator failed to maintain records of emergency preparedness and evacuation drills.
3	The operator failed to notify the licensing agency within 24 hours following a fire or natural disaster.

34. Window Screens rule 65C-22.002(8)(a)1, F.A.C.

3	Not all opened doors and windows had screens affixed and/or maintained.
---	---

35. Proper Handwashing rule 65C-22.002(8)(a)2 & 4,(b)1, F.A.C.

2	A staff member was observed to not wash their hands appropriately after assisting a child with toileting.
2	A staff member was observed to not wash their hands appropriately after diapering a child.
3	A child was observed to not wash their hands appropriately after toileting.
3	Staff did not ensure that children sleeping overnight at the facility brushed their teeth and washed their face and hands.
3	Children shared use of toothbrushes, towels and/or wash cloths.
3	Toothbrushes were stored touching each other.
3	Staff and/or children did not immediately wash their hands after outdoor play.

36. Drinking Water Available rule 65C-22.002(8)(a)3, F.A.C.

2	Drinking water available to children was not safe in that [].
2	Drinking water was not available to all children.

37. Sanitary Diapering rule 65C-22.002(8)(b)1- 8, F.A.C.

3	Items unrelated to diaper changing were stored in the diaper changing area or placed on the diaper changing table/surface.
3	The diaper changing surface was not cleaned and sanitized or disinfected with an appropriate solution after each use.
3	Diaper changing occurred on a surface that was not impermeable.
3	Staff were observed to use the hand washing sink for food preparation and/or clean up.
3	The diaper changing area is in or near the food preparation, service or feeding area.
3	There was not a supply of clean diapers, clothing and/or linens.
2	Children were left unattended while being diapered or when changing clothes.
3	A basin with running water was not available in the infant room or an adjoining room.
3	Handwashing facilities in the infant room or an adjoining room did not include: disposable towels or hand drying machines, soap, and/or a trash receptacle.

38. Diaper Disposal rule 65C-22.002(8)(b)8., F.A.C.

Child Care Facility Standards Classification Summary

3	Soiled items were not disposed of in a plastic-lined, securely covered container.
3	The container for storage of soiled disposable diapers was not covered.
2	The container for storage of soiled disposable diapers was accessible to children.
3	The container used for the disposal of soiled disposable diapers was not emptied, cleaned and sanitized or disinfected daily.
2	Soiled cloth diapers were not placed in a securely covered container that was inaccessible to children.

39. Indoor Equipment rule 65C-22.002(9)(a), F.A.C.

3	Toys, equipment and/or furnishings available to the children in care were not age appropriate in that [].
3	The quantity of toys, equipment and/or furnishings suitable to each child's age and development was inadequate for the number of children in care.
3	Toys, equipment and/or furnishings were not safe in that [].
2	Toys, equipment and/or furnishings were not safe and pose a threat to the health, safety or well-being of the children in care.
3	Toys, equipment and/or furnishings were not maintained in a sanitary condition.

40. Outdoor Equipment rule 65C-22.002(9)(b), F.A.C.

3	The frame of the [] was not securely anchored in the ground or stationary by design.
2	The play equipment was not safe for the children to use in that [].
3	There was no documentation, maintained for one year, that routine inspections were conducted at least every other month of all supports, above and below the ground, all connectors, and moving parts.
2	A resilient surface was not provided beneath and within the fall zone for [].
3	The ground cover or other protective surface under the [] was not maintained.
3	The placement of [] did not allow for adequate distance/clearance from other equipment or other children in the area.
2	Sharp, broken and/or jagged edges were observed on the [] that pose a threat to the health, safety or well-being of the children in the play area.
3	The equipment used in the outdoor play area was not constructed to allow for water drainage.
3	Equipment available to children in the outdoor play area was not appropriate for the age and developmental level of the children in care in that [].

Training 65C-22.003

41. Training Requirements ss. 402.305(2)(d), & (3), F.S.

3	The successful completion of the 40 clock-hour Introductory Child Care Training requirement was not documented on CF-FSP Form 5267 or the department's training transcript for staff.
3	The employee(s) did not complete the 40 clock-hour Introductory Child Care Training requirement.

Child Care Facility Standards Classification Summary

3	The facility did not have documentation to show completion of a five hour early literacy and language development of children ages birth through five course for staff employed for at least 12 months.
3	The department's approved five hour early literacy and language development of children ages birth through five course was not completed for employee(s).
3	A volunteer who works more than 40 hours per month did not complete the 40 clock-hour Introductory Child Care Training requirement.
3	The facility did not have documentation to show completion of the 40 clock-hour Introductory Child Care Training requirement for a volunteer who works more than 40 hours per month.
3	The facility did not have documentation to show enrollment in the introductory course in child care for all staff employed for at least 90 days.
3	The facility did not have documentation, training transcript, of the required training.
3	By October 1, 2010, training was not documented on the child care training transcript for child care personnel.
3	A foster grandparent working at the facility failed to complete the required training.

42. 10-Hour In-Service rule 65C-22.003(6)(a)-(d), F.A.C.

3	Documentation of in-service training was not recorded on CF-FSP Form 5268, Child Care In-service Training Record, for the director.
3	Documentation of in-service training was not recorded on CF-FSP Form 5268, Child Care In-service Training Record, for staff.
3	The ten hours of annual in-service training had not been completed for the fiscal year beginning July 1 and ending June 30 for the director.
3	The ten hours of annual in-service training had not been completed for the fiscal year beginning July 1 and ending June 30 for staff.

43. Credentialed Staff rule 65C-22.003(7) & rule 65C-22.003(8), F.A.C.

3	The facility was required to have at least [] credentialed staff and had [] credentialed staff.
3	The credentialed staff failed to meet the minimum work hours required as documented on time sheets, personnel schedules or employment records.
3	The Training Transcript documenting an active Staff Credential Verification was not on file for staff.
2	All owners or operators responsible for the daily operation of the program must have a Director Credential. This standard is not currently met due to [].
3	The person with the Director Credential was not on-site a majority of the hours that the facility is in operation.
3	The person with the Director Credential does not meet the definition of director because that individual is not responsible for the daily operation of the program.
3	The facility owner failed to notify the licensing authority within five working days of when the facility lost the credentialed director or when there was a change of director.

Child Care Facility Standards Classification Summary

3	The director was not on site during the inspection. The person in charge did not meet the requirements as follows: [].
---	---

Health Requirements Rule 65C-22.004, F.A.C.

44. Communicable Disease Control rule 65C-22.004(1), F.A.C.	
3	The facility did not have an isolation area designated for the care of an ill child.
